

2. AIMS

We believe that our school is a very special community.

It is special because of the rich talents and high potential of our students, special because of the dedication and expertise of our staff, and special because of the support and help we receive from our trustees, governors, parents and the local community. Against this background the aims of the school promote a vision of what we hope to achieve.

OUR MISSION

Working Together to Inspire, Challenge and Achieve

- **To inspire and enable individuals to develop their capabilities to the highest possible levels.**
- **To provide learning experiences which are enjoyable, stimulating and challenging.**
- **To provide an educational experience which leads to high standards of achievement, positive personal development and the realisation of the potential to make a significant contribution to society**
